ALL CUSTOM EXTENSIONS		Same as General Availability End Date 1 of the core product release for which the extension was delivered by ITyX Professional Services. Customizing may vary by customer.					

¹ Mainstream Support is provided during the first phase of the product lifecycle, also referred to as General Availability.

This phase starts when a major or minor version is released and ends when the next major or minor version of the product is released.

² From release 2.6 going forward, MEDIATRIX is renamed to RESPONSE.

³ From release 2.6 going forward, CONTEX is renamed to AI PLATFORM.

⁴ Continued support of customized software beyond the end date requires migration to a later version product version and is subject to a migration services fee.

⁵ Requires the use of Java 1.6.x. Java 1.9.x and beyond are NOT supported.

⁶ Requires the use of Java 1.6.x or 1.7.x. Java 1.9.x and beyond are NOT supported.

⁷ Requires the use of Java 1.7.x. Java 1.9.x and beyond are NOT supported.

⁸ Requires the use of Java 1.7.x or 1.8x. Java 1.9.x and beyond are NOT supported.

⁹ Requires the use of Java 1.8x. Java 1.9.x and beyond are NOT supported.

¹⁰ End dates are estimated dates because a new release has not yet been developed or released.

¹¹ Applies to Mediatrix / Response.

¹² Applies to Mediatrix / Response and ConTEX / AI Platform.
